Dr. Wong,

I wanted to personally thank you for your talk at our January 11th AREAA Executive Board Installation Luncheon at the Paradise Valley Country Club. Your straight to the point style and sometimes humorous delivery kept our guests engaged and wanting more! I also want to thank you for being flexible when asked to shorten your presentation by several minutes to accommodate Gilbert Mayor Lewis and AZ Real Estate Commissioner Judy Lowe. You were able to recover with a last minute curve ball by us without missing a step.

As I mentioned, we would like to have you back as the Keynote Speaker at one of our business lunch meetings toward the end of the second quarter. We hope you will honor us then!

Thank you again on behalf of the Asian Real Estate Association of America.
