NATIONAL ACTIVE AND RETIRED FEDERAL EMPLOYEES CHAPTER 1469

Dr. Harold Wong

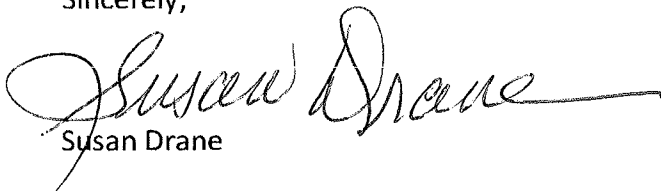

You certainly provided us with great financial information. Your presentation on 10/20/2016 was timely with your usual humor inserted. Our only regret is that so many of our 200 members did not attend. However, our monthly newsletter will include the following information.

Dr. Wong arrived bringing along his personal equipment. Before presenting his program, while setting up the computer he apologized that the equipment wasn't working. We were impressed that he brought along his own Audi-visual equipment, but also bringing a backup so that he would be prepared in the event that the first set of equipment didn't work. As Dr. Wong said "No one ever knows when the light bulb burns out in any computer". He then began his program speaking off financial planning and pitfalls. He answered several questions with language we could understand. This was Dr. Wong's second invitation to speak to us and he promised to return. We enjoyed his easy personal demeanor.

I have notified of Dr. Wong's presentation to ETTA BRYANT, Arizona Federation President so that she could recommend him to other chapters.

We thank Dr. Wong for taking the time to speak to us.

Sincerely,
