Tempe, AZ 85284

Dear Dr. Wong:

Thank you so much for your recent talk What Women and Couples Should Know about Money, held at RISE Learning for Life on November 29, 2011. We are looking forward to the second talk in your series, Common Sense Financial Strategies, to be held on January 10, 2012.

Our RISE members were impressed with your depth of knowledge, your ease in presenting the information, and your patience in answering their questions. Some of the comments we received were as follows:

“Great information!”

“Bring him back...”

“Please make sure to invite Dr. Wong to RISE again.”

I am sure that your next session will be as well received as the first and we are pleased to include you as a regular speaker each semester at RISE.

Sincerely,
