Statement

Having recently seen the film, The Big Short, about the financial crisis of 2007-2008 which was triggered by the build-up of the housing market and the economic bubble, I truly appreciated Dr. Harold Wong's presentation, "Protect Your Money and Tax Strategy for Federal Retirees" presented to our Sunnyslope Chapter 1686 of the National Active and Retired Federal Employees (NARFE) on February 19, 2016.

Dr. Wong is a dynamic speaker who is able to explain complicated concepts in plain language essential to understanding the information. I look forward to attending his many other workshops!

Carol Culbertson, Chapter Vice-President, Sunnyslope 1686 Chapter,
