

MARCH 19, 2015

PORA

13815 Camino Del Sol

Sun City West, AZ 85375

Attn : Adult Learning

Last Feb 24th, I attended a class at PORA, taught by Dr Harold Wong, called "Protect Your Money". It was an exception to the usual "money" class in that he was not selling any financial product, *he was educating those who came to listen and learn about better ways of investing.*

What he taught was very valuable, and could make a huge difference in the funds we seniors are trying to invest for the rest of our lives. Dr Wong has no other agenda but to educate us and open our eyes to better, safer places to invest our hard-earned money so that our taxes could be far less, and our financial futures more secure. Dr Wong is dedicated to this cause, and shares his wisdom from his wide experiences with whoever attends his classes. He is down to earth and easy to understand. We came away from his class with some new and very helpful information. I've been telling my friends here that they missed a fine opportunity to learn from a man who is honest and willing to share what he has learned over many years. ~ You've done our residents here in Sun City West a great service by making his classes available to us. I hope that you will be scheduling Dr Wong again so that more people in this community can benefit from what he knows and is so willing to share with us. ~ Thank you.~
