I am a senior and I live in Gilbert, one day I decided to go to Chandler senior center to meet with a friend. While waiting for her to come, I picked up the Arizona Republic newspaper, what caught my attention is an article for Dr. Harold Wong about how to create a substantial tax-free income when you retire. I was amazed by his honesty and how he try to help people because in my situation I met quite a few dishonest brokers who tried to convince me that the product they chose for me is the best in the market soon enough I'll find out that this product is beneficial for them and for me. Anyway, I decided to call Dr. Wong to discuss my financial situation, I left a message, after ten minutes he called me back, we talked for over a half hour for no charge, he explained to me what I am doing wrong in my investment and what should I do instead to generate an income, I was amazed with his honesty and I wish there is more brokers like him to help the senior making the right decision on their hard earning money.

Thanks to Arizona Republic newspaper.

Thanks to Dr. Harold Wong.

God Bless.
