Dear Associate,

Let me introduce myself. I am chapter chair for the greater Phoenix chapter of the Arizona Education Association Retired. I retired in 2014 from my position as Teacher/Librarian. I taught in elementary schools for 31 years.

This is a letter of recommendation for Dr. Harold Wong and his excellent presentation he made to our group in May. The title of the informative and entertaining talk was called "Protect Your Money". Dr. Wong has a wealth of knowledge on many aspects of economics, including how to maximize one's retirement income and how to minimize investment risks. Dr. Wong presented this information in an entertaining and exciting program that kept our members enthused and excited about retirement investment choices.

I highly recommend Dr. Harold Wong as a knowledgeable and entertaining speaker. He will enlighten and inform anyone who is interested in protecting their investment and retirement income.

Respectfully,

Michele M. Smith

A handwritten signature in blue ink that reads "Michele M. Smith". The signature is written in a cursive style and is positioned below the typed name.
